Proceedings of the ModelCARE'99 conference held in Zürich, Switzerland, from 20 to 23 September 1999. This conference was jointly organized by the:

Swiss Federal Institute of Technology (ETH), Zürich, Switzerland

International Commission on Groundwater (ICGW), of the International Association of Hydrological Sciences (IAHS)

Committee on Groundwater Hydraulics, of the International Association of Hydraulic Engineering and Research (IAHR)

IAHS Publication no. 265
in the IAHS Series of Proceedings and Reports

Published by the International Association of Hydrological Sciences 2000
IAHS Press, Centre for Ecology and Hydrology, Wallingford, Oxfordshire OX10 8BB, UK

IAHS Publication no. 265
ISBN 1-901502-36-8

This publication may be reproduced in whole or in part in any form for education or nonprofit uses, without special permission from the copyright holder, provided acknowledgement of the source is made. As a courtesy the authors should be informed of any use made of their work. No use of this publication may be made for resale or other commercial purposes without the prior written permission of IAHS Press.

IAHS is indebted to the employers of the Editors for the invaluable support and services that enabled them to work effectively and efficiently.

The papers included in this volume have been peer reviewed and some were extensively revised before publication.

The Editors wish to acknowledge the conference authors for their patience and cooperation during the editing process.

The designations employed and the presentation of material throughout the publication do not imply the expression of any opinion whatsoever on the part of IAHS concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries.

The use of trade, firm, or corporate names in the publication is for the information and convenience of the reader. Such use does not constitute an official endorsement or approval by IAHS of any product or service to the exclusion of others that may be suitable.

The papers were checked, reformatted and the final camera-ready pages assembled by Cate Gardner (IAHS Press, Wallingford, UK) using files provided by the Editors.
