

Impacts of Urban Growth on Surface Water and Groundwater Quality

Edited by

J. BRYAN ELLIS

*Urban Pollution Research Centre, Middlesex University,
Bounds Green Road, London N11 2NQ, UK*

Proceedings of an international symposium held during IUGG 99, the XXII General Assembly of the International Union of Geodesy and Geophysics, at Birmingham, UK, 18–30 July 1999. The symposium was convened jointly by:

the International Commission on Surface Water,
the International Commission on Groundwater,
the International Commission on Water Quality,
the International Commission on Continental Erosion,
of the International Association of Hydrological Sciences;
the International Association of Hydrogeologists and the
International Association on Water Quality

**Published by the International Association of
Hydrological Sciences 1999**

This publication may be reproduced in whole or in part in any form for education or nonprofit uses, without special permission from the copyright holder, provided acknowledgement of the source is made. As a courtesy the authors should be informed of any use made of their work. No use of this publication may be made for resale or other commercial purposes without the prior written permission of IAHS Press.

IAHS is indebted to the employers of the Editor for the invaluable support and services that enabled them to work effectively and efficiently.

The designations employed and the presentation of material throughout the publication do not imply the expression of any opinion whatsoever on the part of IAHS concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries.

The use of trade, firm, or corporate names in the publication is for the information and convenience of the reader. Such use does not constitute an official endorsement or approval by IAHS of any product or service to the exclusion of others that may be suitable.

The Editor (and Principal Convenor) would like to thank his co-convenors, Frans Van de Ven and David Lerner, and the chairs of the symposium sessions, for their time and effort in preparing the symposium; and Cate Gardner, IAHS Press for preparing the camera-ready copy for these proceedings.

The camera-ready pages were produced at IAHS Press, Wallingford, UK, by Cate Gardner.
