This publication may be reproduced in whole or in part in hard copy for education or nonprofit uses, without special permission from the copyright holder, provided acknowledgement of the source is made. As a courtesy the authors should be informed of any use made of their work. No use of this publication may be made for resale or other commercial purposes without the prior written permission of IAHS Press.

The papers included in this volume have been peer reviewed and some were extensively revised before publication.

IAHS is indebted to the employers of the editors for the invaluable support and services that enabled them to work effectively and efficiently.

The designations employed and the presentation of material throughout the publication do not imply the expression of any opinion whatsoever on the part of IAHS concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries.

The use of trade, firm, or corporate names in the publication is for the information and convenience of the reader. Such use does not constitute an official endorsement or approval by IAHS of any product or service to the exclusion of others that may be suitable.

The editorial team would like to acknowledge the support of the following organizations: Land and Water Australia, CSIRO Land and Water and the Cooperative Research Centre for Freshwater Ecology. The advice of L. Olive and G. Pickup has been of great help and the assistance of A. Pugh, S. Brennan and M. O'Brien is also gratefully acknowledged. We also thank Penny Kisby of IAHS Press for her advice, patience and understanding.

The formatted pages were produced at IAHS Press, Wallingford, UK, by Penny Kisby.
